

Introduction to AI

1st Working Group Session

ANNETTE TEN TEIJE &
MARK HOOGENDOORN

VRIJE UNIVERSITEIT AMSTERDAM
DEPARTMENT OF COMPUTER SCIENCE

VRIJE
UNIVERSITEIT
AMSTERDAM

Faculty of Science

TODAY

- This session:
 - > Getting to know each other
 - > Your program
 - > This course and sessions

TODAY

- See us as your academic tutors, you can always reach us at:
 - > Annette:
 - > annette.ten.teije@vu.nl
 - > +31 20 59 87721
 - > Room NU VU 10A49
 - > Mark:
 - > m.hoogendoorn@vu.nl
 - > +31 20 598 7772
 - > Room NU VU 10A87
- You can also contact the study advisor for other issues

WHO ARE YOU?

- Going to draw pairs of names
 - > Get to know each other, e.g. discuss:
 - > Where you are from
 - > How old you are
 - > What your interests/hobby's are
 - > Why you decided to go for a Bachelor in AI
 - >
 - > Introduce each other

WHO ARE WE?

- Annette ten Teije

- > Background computer science
- > AI consultancy company
- > Phd @ UvA
“Automated Configuration of Problem Solving Methods in Diagnosis”
- > Postdoc Imperial Research Cancer Fund in London
- > Assistant professor University of Utrecht
- > Assistant professor/associate/full professor (prof. AI in Medicine) @ VU
- > Running & hiking
- > Please call me Annette 😊

WHO ARE WE?

- Mark Hoogendoorn

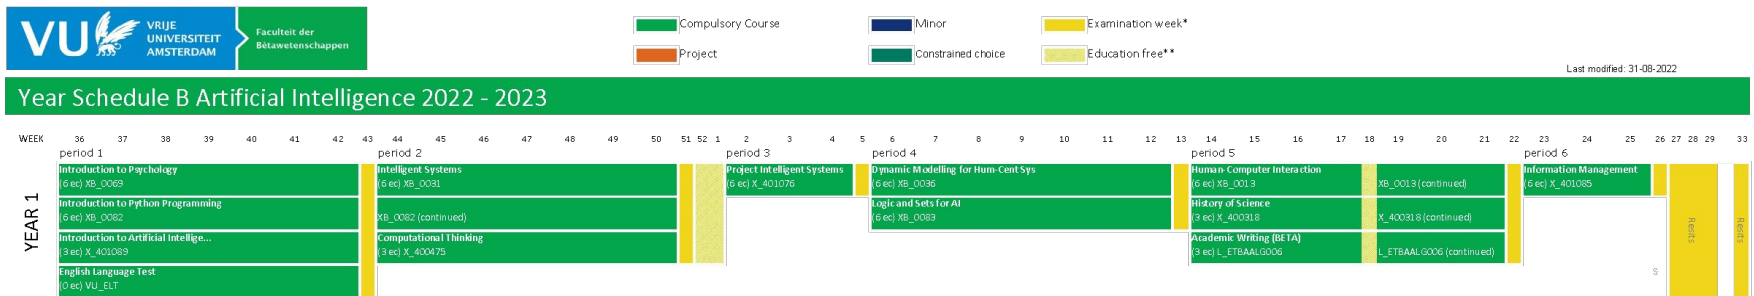

- > 43 years old, Dutch, living in Nieuwkoop
- > Started my Bachelor/Master in Computer Science in 1998 @ VU, specialization in AI
- > PhD in Artificial Intelligence @ VU
- > PostDoc at University of Minnesota (USA)
- > Assistant Professor/associate/full professor @ VU
- > Sabbatical stay @ MIT (USA)
- > Focus: machine learning, mainly applied in health
- > Love playing volleyball (being 2 meters tall helps) and traveling
- > Please call me Mark 😊

YOUR PROGRAM (1)

- Your academic year:
 - > We work following a 6 period system:
 - > Period 1 (September/October, 8 weeks) – 12 ECTS
 - > Period 2 (November/December, 8 weeks) – 12 ECTS
 - > Period 3 (January, 4 weeks) – 6 ECTS
 - > Period 4 (February/March, 8 weeks) – 12 ECTS
 - > Period 5 (April/May, 8 weeks) – 12 ECTS
 - > Period 6 (June, 4 weeks) – 6 ECTS
 - > Courses are mostly worth 6 ECTS

YOUR PROGRAM (2)

- Your program (from vu.nl/studiegids):

- Types of sessions:
 - > Lecture – big groups, mainly listening
 - > Working group – small groups, discussing assignments
 - > Practical – meant to work on practical work (e.g. programming) under supervision, even smaller groups
 - > Exam – test

YOUR PROGRAM (3)

- Who are your lecturers?
 - > Regular lectures, typically AI/CS staff member (with PhD)
 - > Full, associate and assistant professors, mostly spend 40% of their time on teaching, 40% on research, and 20% on management
 - > Carry responsibility for courses
 - > <https://www.cs.vu.nl/en/research/artificial-intelligence/index.aspx>
 - > Practical or working group sessions
 - > Sometimes PhD students, sometimes senior BSc/MSc students (higher year bachelor, master)

Some questions for you

- **www.menti.com**
 - > code: 7105 6319
 - > <https://www.menti.com/fqhtnb8y2b>

THESE SESSIONS (1)

- All in this room on Wednesday from 13:30 - 15:15
- We expect all to be there (and be there on time)
- Purpose:
 - > Mentoring
 - > Group forming
 - > Discuss lectures
 - > Discuss progress for assignment
 - > Get feedback

THESE SESSIONS (2)

When?	What?	Who?
16. September	Research Problem	Research Group
13. September	Reflection on talk by Frank van Harmelen	Individual
19. September	Reflection on talk : Mark Hoogedoorn	Individual
23. September	Literature	Research Group
30. September	Approach	Research Group
3. October	Reflection on talk : Gusztı Eiben	Individual
5. October	Reflection on talk : Koen Hindriks	Individual
14. October	Experimental Evaluation	Research Group
17. October	Reflection on talk : Paul Groth	Individual
18. October	Reflection on talk : Emma Beauxis-Aussalet	Individual
21. October	Poster	Research Group
21. October	Video	Research Group
24. October	Reflection on talk : Ilaria Tiddi	Individual
28. October	Final report	Research Group

THESE SESSIONS (3)

- Setup

- > Start with session for all
 - > As a group you present your current ideas for the next deadline (i.e. step in your design)
 - > 5 minutes each
- > Go into breakout
 - > We move into groups and come by to give you extra feedback if you want

THESE SESSIONS (4)

DEADLINE	Assignment	7-sep.	14-sep.	21-sep.	28-sep.	5-okt.	12-okt.	19-okt.
16-sep.	Research problem	working on	presentation					
23-sep.	Literature		working on	presentation				
30-sep.	Approach			working on	presentation			
14-okt.	Exp. evaluation				working on	presentation		
21-okt.	Poster					working on	present	
21-okt.	Video						working on	
28-okt.	Final report							working on

> Our presence

> Annette: 7/9, 21/9, 28/9, 12/10

> Mark: 7/9, 14/9, 5/10, 19/10

THESE SESSIONS (4)

- Two main tasks:

- > Reflection on lectures (individual)
- > Working on group assignment

“To make you identify a (societally relevant) problem for which Artificial Intelligence can offer (partial) solutions, analyse this problem given existing literature and knowledge acquisition, design and present a solution and devise a validation strategy to evaluate the quality of your solution. “

- > Final deliverables:
 - > Report (each week you will hand in an ingredient of this)
 - > Poster
 - > Video/presentation

BREAK OUT

- Discuss your ideas within your group, what will you use AI for?
- We will drop by

Next week: Presentation Research Problem

- **Domain** of your project
- The **problem** that you want to solve/contribute to
- A black-box description of your system.
Describe “**what**” the system does, not “how”
- If possible give a **concrete example** of the input/output of your system
- Which **expert knowledge** is needed?
- Who is the **expert**?

Group complete?

- Contact the missing students of your group
- Let us know if there is any problem
- Write all the student names and the group name on each document that you submit.
